

To whom it may concern,

The staff and students alike thoroughly enjoyed Paul's incursion over the January vacation care period. He was engaging, funny and informative and he held the kid's attention throughout the entire incursion. The children especially enjoyed playing the Didgeridoos and of course the games were a huge hit. We have children as young as 5 and as old as 12, and all age levels were engaged and interacting with Paul. The staff similarly enjoyed the incursion and learnt a lot.

We are very keen to invite Paul back to our service and intend to organise that later in the year. I highly recommend the experience for any School Aged Care service.

Kind regards,

**Gillian Fawdray**
