From the moment Paul (Uncle Boomerang) spoke he engaged our students with his fascinating Aboriginal stories and passion for his heritage. The students would have happily listened to Uncle Boomerang tell his stories (yarns) for hours if we had let them! I highly recommend Paul Craft to educate your students about Aboriginal culture and history in a unique and captivating way.

Mrs Louisa Pontin- Raj

Uncle Boomerang is one of those people you would love to sit down and talk to all day long. His passion, knowledge and magnetism really captivated our engagement and curiosity. He took us on a journey that enabled us to develop a much deeper understanding and appreciation of Aboriginal culture and history in a fun and respectful manner. He sparked a desire within our students to continue to learn more about our local Aboriginal history. I would highly recommend Uncle Boomerang to all teachers looking for an inspiring, engaging and professional incursion or excursion, to learn about Aboriginal culture and history.
